I too got to know Wanda from Cherrywood. My mom is a patient there also. Wanda always loved my purses and I would stop and let her hold them on many occasions. She was a sweet lady and I will miss her.

Bob , I know it has been hard for you and the family these last few years, but you did a great job. It showed your love and compassion. So many found memories of all the great times we had together at work , at your cottage and going places together. I look at the book you gave me with the pictures of Wanda in it fishing, That's the way I will always remember her.

I met Wanda while she was at Brookhaven with my dad. She always would sit by me and seemed to love my purses. She had a beautiful smile. Alzheimers is awful and until you have a love one that experiences this disease, you will never understand how difficult this is on the family. Peace to all of you.
