Paula Sibal lit a candle in honor of Eber.

I still cannot get my head around the fact that he's gone; but I have no doubt that if there's a tricked-out red pickup truck racing around heaven, my bro' is behind the wheel, profiling for eternity with a great big smile on his face. Helen & family: I wish I had the means to hop on a plane and be there to support you. Please know that I share your pain and am keeping you all in my heart across the miles. I will be with you in spirit on Friday, and am sending up prayers for strength and comfort to get through this. Much love to all of you. -Paula
