Everyone at work thought there was 'something' between Donnie and I. There was, he was like my 3rd son. I'd have done anything for Donnie! Miss you already.

Donnie was my extended family. He lived with me and my daughter during some of the hardest moments of our lives and our lives were made better because of him. He grew up in front of my eyes, from a cute little boy who looked like McCauly Caulkin to an amazing handsome young man that was always a step ahead of the rest. He always had great dreams and he was always helping us to see ours. He loved to help me decorate my home and rearrange furniture. He was courageous and he brought out the best in every situation, more so he brought out the best in all of us. I will always hold a spot in my heart for him and I will always be grateful that he was brought into my life by chance, but we were family by choice. My love and prayers and deepest felt respect is sent to his family. Thank you for sharing Donnie with us. Love From Sharon Herrera-Proctor

Donnie I will miss your sweet smile so very much every time I go home for a family function. I knew you since you were like 6 years old and you always called me Gramma. I loved you like one of my own Grandchildren (your cousins). I will not make it home but I will be there in spirit. Love you and will always have such fond memories of fun times with you.
