I met bonnie on line through my very good friend Caroll Amstrong. We e-mailed back and forth and she would always send me many interesting things on the net to make my day even though hers may not be going well. I will miss her as well here. She may of signed off here but signed on to a higher power where aches and pain do not exist.##imported-begin##Larry Miller

I have many wonderful memories of time spent with Bonnie.She has been a family friend for 28 years. From the very beginning of time spent with her at the Ice skating Rink to times spent by our pool side. Our trips to Grand Haven for a lunch and sitting down at the lake in the summer and watching the boats go by on a hot summer evening. I will miss the fun times we shared. She was truley a wonderful friend. My Heart goes out to David & Dawn, there children and Brian and Katheren. Love you guys.##imported-begin##Gina Edlund##imported-end##

Bonnie was a long time phone friend who I was fortunate enough to have actually met in person one February in Denver, CO. Over the years we have kept in constant contact. Typically, I would check in on her by phone about once a week. Last week was I think the first week that I did not check in. I will always remember Bonnie as a very caring person who was also a good listener, if you were strung out. I will miss our almost weekly talks and all of her email. I did think that it was a bit odd that the last email that I received was on Halloween. Sally, one of her dear friends was kind enough to let me know of Bonnie's passing. She endured a lot over many years and hopefully, she is now at peace and pain-free. She will be missed! ##imported-begin## Donald V Baker III (aka jlseagull) ##imported-end##

Although I have never met Bonnie, I shall terribly miss her. I will miss the long long distance calls we had every Saturday night. My heart goes out to David, Brian and their family. She was always doing for others, in spite of her aches and pains she suffered these last years of her life. She was taken suddenly from us. SHE LOVED ANGELS SO MUCH THAT SHE WENT TO BE WITH THEM. ##imported-begin## Carroll Armstrong ##imported-end##
