This time last year, we were together everyday. I would never expect things to end this way. I stil wake up every morning and grieve, how can the guy I love be gone from me. I feel you and see you, your bright brown eyes, I love you and need you, remember I used to tell you that when you would make me cry? My heart can't take it everyday im in pain, I ache for you I need you I want you every second of every day. I can't let go, I can't get you out of my mind, when I die (hopefully an old lady) I want my obituary to say "preceded in death by her true love". You know now Terry? I hope you do, that when we were broke up all summer I cried everyday because I missed you. Fate is fate and for everything a reason. Easter last year I colored eggs in your kitchen, now those memories are all my mind comprehends. Seeing you every morning when I awoke by your side my life was happy and complete, now no one will ever make my heart beat like that. Can you see me Terry? Do you know who I am? Are you ever around me, or is it just in my head? *Terry* I love you it is 9:00 pm. We should be in your room watching a movie, or driving around, or hugging or something.....this time last year I would have never thought.. I can't even say it but I keep one thing on my mind I will see you and hug you and touch you the moment that I die##imported-begin##holly renee##imported-end##

If I should die before I wake
It's 'cause you took my breath away
Losing you is like living in a world
with no air
I'm here alone, didn't wanna leave
My heart won't move, it's incomplete
If there was a way that I can make you understand
But how do you expect me to live alone with just me
'Cause my world revolved around you
It's so hard for me to breathe
Tell me how I'm supposed to breathe
with no air
Can't live, can't breathe with no air
It's how I feel whenever you ain't there
It's no air, Got me out here in the water so deep
Tell me how you gonna be without me
If you ain't here, I just can't breathe
It's no air, no air AHHH!!!!!!! I am going crazy with out you I can't do this no more

The world was a little brighter with Terry in it. I remember the first time I got to meet Terry, John and Terry came over to see my daughtrt Amber who John was dating at the time. I remember him saying something about Michigan sucks because Amber told him I was a big Michigan fan and he told me he liked Michigan State. I said those are fighting words then we both laughed. I remember I alway talked trash to him about me and my son taking on him and John in a game of basketball, he would alway laugh and say anytime anywere. I wish I would of taken the time to play a game with him. Terry will be missed but please remember, even though he is no longer here his spirit will live on through his family and friends.
