how does no one have anything to say about this man from so many clubs that he was so much a part of. I am the one that knows for years he helped out at PULASKI when they held their breakfast....i also know that BILLY shoot pool for the LIT CLUB,,,,,and how many times has this man been there when he was needed at any of the events that went on. These are things i know. But i also know that he was a really good person deep inside to a few many in this community and i personally can not believe that you can not be here for him now,,,,,at least let his daughter know, if she does not already know that, that this man, her dad, has made a huge difference in a lot of people's lives. For once . STEP UP##imported-begin##shelly facchini ##imported-end##
