I worked with Betty at ACS for many years. Here's how technology has advanced: she trained me on how to answer the "switchboard" and send "telexes" to automotive customers. She was a super teacher and great fun! She had a wonderful rapport with everyone.##imported-begin##Patti (Zuber) Monroe##imported-end##

I am so sorry to learn of Bettys' death. She was a wonderful lady. For the past several years she has most willingly "substituted" for me at St. Michaels Adoration Chapel when I was out of town. I am especially sorry that I am not able to attend her visitation or funeral since I am presently on a trip. I shall make a contribution to the Adoration Chapel in her memory. I am sure God has received her warmly in her eternal home.##imported-begin##Bob Hogan##imported-end##

We may not have seen her all that much but I sure am going to miss her. She always teased me that she may not see me to often but I never forgot to send her a Christmas card every year. She always had the best sense of humor. Always smiling and laughing. Our thoughts and prayers to you and your families.##imported-begin##Karen and Doug Hibbs##imported-end##
