Elaine, I knew Robert through Dennis and Nicole your neighbors. He was quite a gentle soul and I really like gentle souls. Then I learned he was your son, so I was even more endeared to him. I was glad when he lived Near Denny as I knew someone would always be around for him and he would still be close to home. You all will be in my prayers. Mary David, Hudson, Ogden.

I knew Robbie & Jeff from school. Robbie was in my grade. He was a good kid. A little misunderstood but always nice. He was kind but a little shy. He didn't say much until you got to know him but then you couldn't get him to shut up lol. He will be truly missed. 😞

Rob and I have been together just under a month. In that time rob has shown me love like I have never experienced. He is an amazing man. He made me feel amazing whenever we talked. I am trying to remember the good times we had together. He always helped everyone he came in contact with. I am lost without him, I feel like he was my solemate, my everything. I went to him for everything. I told him he could call or text me day or night and I feel like its my fault because when he needed me most I wasn't there and I want to apologize for that. I hope that one day we will get to be in each others arms again. I love you with all my heart Robert, you was the best thing that has ever happened to me. Until we meet again my love...

Robbie, I had You as My Middle Son for 27 years. And I loved You just like if I was Your true Mother. You 3 boys were My life for all of these years. You were always cracking a joke or trying to get me pissed off just to see Me lose it and than laugh about it. You will always have a piece of My heart. It might be broken but it will slowly heal with Your memories that I have with You. I loved You so much and watching You with Tommy always brought a smile to my face. Love You Forever OBB OBB. Till We meet again.
