Janet was the mother of 3 of my grandchildren and I knew her since she was 14 years old. She had such beautiful eyes and spirit right from the start and we loved each other right from the start. May she rest in peace as she certainly deserved all the peace and love she gave out to others. She was a great mom and daughter-in-law till the end. I love her very much as long as I live I will always think about her and keep her in my prayers! Julia Madole Pfeiffer

I think of Janet alot now. When she was little, I often thought of her as my child I was 10 yrs older and she followed me around. I took her places and spent alot of time with her. Then my life began with work, school, boyfriends, college, marriage and kids of my own coming about every 2 yrs, The rest is history. But your mom was always generous, loving and sharing. It was her way to experience love. What she gave out has come back to her the imprint she left on others,

Another time Janet gave a talk on Respiratory treatments to my M.L.P.N.A. seminar at a moments notice for me. She was so nervous but I knew she would do it without a problem. She stole the crowd and everyone loved her and gained much knowledge from her. She was always eager to please and stood up for things that were right.

My first memory of meeting Jan was when Meg was 16, and I was dating her dad, Pat. We came to pick her up for a weekend visit, and Jan came flying out of the house to meet me. I don't remember the exact conversation, but she was teasing Pat and just made me laugh. - My favorite memory was when, years later, Pat and I became engaged and she called to tell me that she was so happy I was going to be her children's step-mother. That time she made me cry. - Rhonda Ziebarth-Madole
