I miss your face, kid. That smile that always gleamed from ear to ear. Miss your voice, too. Even if you did like to call me all hours of the day/night just to chat. Its so hard going from talking to you everyday day and hanging out all the time, to this. Its like im still waiting for that text or call from you to see when were going to hang out next. But, I know you are in heaven, watching over all of us. Tell everyone up there that I said "Hi". You know how much I hate goodbyes, so I love you kid, and I'll miss you until we meet again.
