Lori was my cousin. She left us too soon. I still have letters from her that she would write to me when I was a little girl. These letters were such a big deal to get in the mail so I remember them distinctly. She would always type on the back, "Deliver, Deletter, Desooner, Debetter." I thought this was so funny. And, this is what I will miss most...laughing. Lori could get us all laughing so hard at the smallest things. She had a great sense of humor. She will be missed. It breaks my heart to type this note knowing she is gone. Love and miss you already, Jody

Lori was the best friend a person could have. For 29 years she made me laugh when I was down, gave me good advice and loved me. She was the kind of mom everyone would love to have. Just look at her beautiful daughters and grandkids. They all take after their mom. Her strong faith got her through many bad times. I love Lori very much and will miss her very much. My heart goes out to her mom and her wonderful girls and grandkids. Debby Sawdy.

Lori, what a kind soul. She started out as my daycare provider and ended up my friend. Not just my friend, but our family's friend. Jeff loved visiting with Lori when he picked up the kids. Many times he'd come home not hungry for dinner because Lori had insisted he have one of her delicious meals. Our tradition was to go to Red Lobster for our birthdays. The last time I saw her at D & W we were going to start up that tradition again. Oh how I wish we had. My heart goes out to Kaylee, Jakki and Jaime. There's a lot of love in that family. She will be missed. Hugs to all. With Deepest sympathy, Sheri Sander

I am my Grandma Lori's granddaughter Emily, I have so many amazing memories with my Grandma. Like times when she would look for movies each week to see if we could go together. She always made me feel so loved. One of my favorite times was when we were in the waiting room at the ER and she wanted to get her haircut soon, so we sat there the whole time looking for short haircuts online, I loved spending time with my Grandma whether it was just searching for movies to go to, or riding in the car after dance class, she was so humorous and just fun to be around. She made all of us feel so loved by her words, and actions. I always loved how she could fall asleep when she was playing cards, talking, or even just watching a show. She is such a great part of the family, it is now like we are missing a piece to a puzzle. She will be forever missed. Love you Grandma!!!
