Such a loss! Words can not express. I have great memories of Sally when we were growing up. I saw her grow into such a beautiful person. Church, camping and many family events. My heart goes out to her family at this very difficult time.

I teach science at Reeths-Puffer High School and my daughter had Sally as a teacher. Through my various interactions with Sally, I was always so impressed with the standard of excellence that she set forth for her students. She was fair and kind and worked so hard. I know there are no words but please know we are all thinking of you. Stefanie Sweany

I, too, graduated from high school with Sally. She was always such a gentle soul. All of us from the Class of 1982 were lucky to have shared our high school experience with Sally. Her family, friends, and students are blessed to have had her in their lives. Prayers of Peace from Rebecca (Zettell) Ten Elshof

Sally and I spent a ton of time together in the gym. I remember her willingness to always be my partner during practice. (Now I realize that I was not the easiest teammate to work with) But Sally always had the patience to be my friend on and off the court. I also have such fond memories of her family. Her mom and dad spent countless hours cheering on the mighty Norse. I want to send love to Sally's family. My heart aches for your loss but I also know that your faith is strong and will help you during this time of grief.

I had Mrs. Newville as a teacher and she was the best science teacher I ever had. She was so knowledgeable, kind, and fun. I didn't ever really enjoy science until I was in her class. 15 years later, I still remember so much of what she taught me from 7th grade science. I will also never forget the way she decorated the classroom with vertebrate and invertebrate animals (our class projects) hanging from the ceiling. The classroom was always so welcoming and stood out from the rest. I am now a teacher myself, and it is because of teachers like Mrs. Newville, who were passionate about helping kids and preparing them for the future. Thank you for all you have taught me, Mrs. Newville. I will never forget you or what you taught me. ❤️

I had her as a teacher. She was such a great teacher. I am a really shy kid and one time during conferences we were waiting are turn and I was being goofy and she saw me goofing off and then it was are turn and she said I see you goofing off over there and then she told my mom she's not like that in class at all she's so quiet and gets her work done and then she told me to bring my silliness to class!
