I will forever hold my brother in my heart and treasure the 60 years that we were together. Denny was there for me throughout my life. Denny had a unique sense of humor that made everyone laugh. I will miss Denny singing his favorite song to me to get a reaction from me. We laughed together and cried together. I will hold my memories close until we meet once more. Love you for eternity big brother

I'm so very sorry to hear of the passing of my friend and former coworker. He was a kind, compassionate, and giving man. I have t seen him in awhile and I wish I had. We liked to talk about the history of Muskegon. He helped me in some research I was doing and we loved talking about antiques and old oil lamps and old irons. I used to tell him if I saw items he was interested in at estate sales. I will miss the thought of him searching for his favorite things. My thoughts and prayers are with his family of whom he talked about constantly!
