Gracious God, My heart grieves for my friend but I am also so saddened for her family and friends who are deeply impacted by the magnitude of this heart-wrenching situation. As these family members navigate their own pain and suffering, please remind them that you are near to comfort them as well. When they are overcome by sadness and fear, provide them with the reminder that you do not sleep, or even take a nap; instead, you are always alert and available to provide the strength they need. You are the only true source of healing and recovery. As they provide practical care and faithfully serve, please strengthen them when they are discouraged. As they lift their eyes to you, remind them of your love and that the empowering presence of your Spirit is available to them at every moment of each day. Amen
