I wish we had more of a chance to spend time together as adults. Ut time on this earth is too short. Your love for animals is clearly genetic and a lot of puppies and kitties are grateful for your amazing efforts. You were taken from this planet too soon. May you open your amazing wings and fly highJoan Bogdanski and Jason Glasser

Sara was a beautiful person inside and out. We became friends at work years ago but lost touch over time. I thought of her often - basically anytime I saw a reference to a Shiba Inu or the Steelers were on! Wishing her family and friends peace during this time.

Sara was a huge part of my life, she was not only a friend but a sister. We met in September of 2000 in college and we were connected immediately. We loved snuggling in and watching the Golden Girls. We loved to relax at each others homes (when we were not roomies) and play endless hours of Skip-bo and Rummy. Her love for the Steelers and my love for the Browns made some Sunday's very interesting. Sara made life interesting and her love for shenanigan's will never be forgotten. I will forever remember Sara's laugh, her dimples, her joy for life, her love for all animals. Sara had a gentle soul and anyone who met her was touched by her tenderness. Sara, you were taken to soon from us and I will miss you everyday. May you rest in Peace. I will forever love you.

I worked with Sara at Healthwest. I did not know her well, but I remember the love she had for animals. She had such a kind spirit and a beautiful smile.
