Dear Brozek Family: I grew up on Glade Street, the street over from Lemuel. My sister, Doris, was a friend and playmate of Joan. Consequently, our mothers became good friends and over the years kept in touch after everyone moved away from the "old" neighborhood. I remember a special visit in the 60's from Adeline and Harvey to our married student apartment when my husband was doing graduate work at The University of Iowa in Iowa City. They were dropping Richard, or was it Tommy, off for his Freshman year. What I remember most about your mother was her love of books, her beautiful garden and her love of family. She was so very proud of you all! Unfortunately, the last time I saw your mother was in 2010 when I was home for my 55th High School class reunion. My mother and I surprised her with a visit and a box of books! Mom died in 2019 at age 103 and I am sure they are comparing family accomplishments! This is the photo I took during that last visit.

We lived next-door to the Brozeks for many years on Lemuel Street. After their child rearing days, she and our parents enjoyed longer conversations 'over the hedge' and when they ran into each other in later years, and would update us about her. Our parents had a great deal of respect for your mother. We were lucky to have the Brozeks as neighbors. Now we send our kindest regards to your family. Zelinda Zang

Dear Carol and family, Please accept my sincerest sympathy on the loss of your mother. Learning of her passing brought back many wonderful memories. One of my favorites is of her wonderful garden at the Lemuel Street house and how we helped her by harvesting the Marigold seeds so she could save them for the following year. Rest In Peace Mrs. Brozek, I'll be thinking of you when I plant my Marigolds this year. Wishing that you and your family find comfort in all your fond memories, Marcia (Marty) McClary/VanSlyke

I feel so grateful to have had my Grandma B in my life as long as it was, and I have so many great memories with her. She used to fly down to Florida every spring and stay with us and I remember her laying out in the sun on a lawn chair in our backyard with a big sunhat. I would see her there everyday when I would come home from school. A few times I remember her gathering my brother and I to help garden and rake leaves - in Florida leaves would sometimes drop in February rather than October - and she ensured we raked every last leaf. Grandma B always took an interest in our lives, asking us about school and sports and genuinely loved and cared for all her grandchildren. She truly was the best Grandma you could ask for. I even remember the chocolate chip cookies that she always had freshly baked when we would visit her in the summers in Michigan. A few things about Grandma - She loved posing for photographs and was very photogenic. She also loved a glass of white wine, or even beer which I always thought was kind of cool. Grandma liked telling stories and I remember she always used the term "evidently", which I thought was old fashioned. I love you Grandma and miss you and remember all the great times we had together as a family. May you rest in peace. Love, Andrew H
