My Deepest Sympathy goes out to Tracy's entire family. She was a very lovely person which I thought the world of.. I met Tracy at Master Tag, she was a great trainer as well as turning into a great friend. She talked a lot about her daughter and Joel which she loved with all her heart. Such a beautiful lady whose life ended way, way to short. Be waiting for me at the pearly gates, where we can continue our chats and continue our laughing. Rest in peace dear friend. I loved Tracy like a daughter. She always made sure I was okay and safe. We had many times of being together on the lake laughing and enjoying our time together.The 1st time I met Tracy was when she bought her house. She ran into my mailbox, and took off without a word. Little did I know she was going to close on her house, and didn't want to miss her appointment. When she came back later she introduced herself and explained and said to me " I want to teach my daughter the right thing to do." From that day on we became closer and closer as neighbors and felt like family. Arreonna worked for me for a couple of summers and as I got to know her as well, her mom and her always watched over me and just plain loved me. Tracy was a person who worked hard to support her and her sweet daughter. Soon Joel became a part of her family a strong man that loved her dearly. She was so strong in her fight for life, but also accepted it was her time. My arms are wrapped around her family of beautiful sisters, husband and children's hearts for comfort and peace. Tracy's soul will always fill our hearts with her infectious laugh, beautiful smile and zest for life.Tracy my beautiful angel may you rest In peace dear one. Love you .
