Remembering your unique sense of humor. Remember when you got up to speak at Dad's service and you told about how you and Dad would drive all over looking for senior places to play etc. Now you Dad, David Shawn and your friend Tony can play together has much as you want. You will be missed, love Ilene ❤️

Too many memories to share from junior high thru junior college. One of the earliest ones and one that will not embarrass any one was "Harry's dad had a Hudson car with a fluid shift. It was big, it was ugly, it was a gas hog but to a teenager it was a CAR!!!!"
