My condolences to the Squire family. I have been away from Michigan for many years and probably had not talked to Steve since I was in college. At that time, Steve got in touch with me and wanted to know if I still had my Strat-O-Matic baseball game. I told him I did and was more than happy to give it to him. We spent a lot of time when we were young playing this game which we both loved. I found the attached paper some years ago in a book. Box scores from games we had played. The box score on the bottom is Steve's handwriting. And wouldn't you know it, his favorite player at the time, Mack Jones, hit a home run that game! Brings back some great memories! Again, condolences to all of his family. Kurt Holmstrom kholmstrom8@gmail.com

My uncle Steve was always such a kind soul and will be missed by our family. He loved keeping up with my brother and my sports and we loved talking to him about them especially golf. Love you Uncle Steve and may God bless your soul ❤️

My favorite memory with Uncle Steve was getting together on Thanksgiving and Christmas and there would always be some good sports games on, and we would talk about the betting lines and who he was rooting for. That is always a little thing that we connected with.
