Hi Mom,

You are deeply Loved, and severely needed, Thank you for all you do for me, I appreciate the time I spent with you, and will always have the memories we had that will carry me through life , until I see you again. I hope Dad is singing your song and your dancing together forever.

We Did not want to let you go Mom, but we didn't have a choice, and maybe because you choose to go to a happier place where you can dance with your one true Love, and all the love that was surrounding and welcoming you back to your home, you just may have chosen this for your self, even thow you love all of us here, I think Rustyna got the message clearly when the numbers 223 was your way of saying, It's your time. So I want you to know we are excepting your that it was your choice to move on to a better world.

I know we will think about you everyday, and never for get the sound of your voice, and the memory of your Laughter will carry us to the next day. So, its ok, Go Mom and be at peace, until we come home to be with you. .

“ In mid August, John and I went to make a surprise visit from San Diego . Rusty and Carol didn't know we were coming. John. Hadn't seen them since he buried his mom Sharon, Carol's sister. I'd never met anyone in John's family til now,I met Debbie, Desiree, Rusty snd Carol. I bonded with all of them especially Carol. I connected with her right away. I loved hearing her tell me stories about her life and we didn't want to leave. I wish we had stayed longer. I wish I had met them sooner. She was taken too soon. I loved her very much tho I had just met her. May she Rest In Peace. It was an honor to have met Carol.
