“ Dear Eleanor,

Most of my childhood memories are with you and Frank. Our families spent every Christmas Eve together for many years. I remember always being infatuated with the Goldschläger that you had at the holidays. Me getting into trouble with the pepper spray on the top of your refrigerator, and playing with the hot wax paraffin you used to ease your arthritis pain. I loved your gardens on Winchester, especially the bright pink Corribells you had growing in the shaded areas. San and I had a lot of wonderful times on the boat that Frank built for you "Lore" and kept it going as long as we could. The years have passed and getting older was so painful for you especially after you lost Frankie. I know in my heart that you are together again and not in any more pain. Always loved you like a second Mom, and think about you often. Be at peace, for you brought many blessings into my life and helped me more than you'll ever know. Eddie Bohach
