“ During one of the darkest and most troubling times of my life, I was desperate for a father figure. I reached out to Bob. His tremendous patience and understanding gave me what I was looking for at that moment. He guided me through. Reassured me. Listened. Now, even with him gone, I am certain that he will continue to guide, reassure and listen in his loving fatherly way. scott

“ We would run into each other at Meijer. He'd always have a smile, a joke. I am happy to have known him.
